# Together, Let's make CHRISTMAS 2024 Festive & Responsible !

## Let's give them a new life !

Our illuminations make town centres shine, make them attractive and give life to shopkeepers. They boost the economic and cultural life of communities, at a very low energy cost.

**Choose sustainable decorations: reconditioned decorations in perfect working order, but also energy-efficient thanks to LED technology, created and eco-designed in France.**

An illuminated city is a lively and attractive city that supports its traders and craftsmen in an environmentally friendly way.

## ISO 9001 & RSE 26000

Aware of social and environmental issues, all Leblanc illuminations' teams are more than ever committed to improving our products, reducing our environmental impact and satisfying our customers.

This is an ongoing commitment recognised by **ISO 9001 certification** since 2014, and confirmed by the **CSR 26000 Label** obtained in 2021. This is the result of the long-term involvement of all our teams, and of investments in our production units.

**We are so proud to be the most labelled  
company in our sector of activity !**

Because the best energy we do not consume,  
**Leblanc illuminations has been considerably reducing the electricity consumption of its decorations for 25 years.**

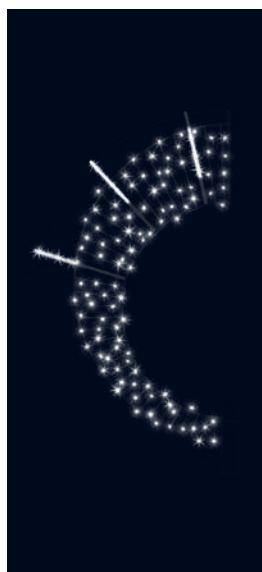

**100%**  
of our decorations  
use **LEDs**,  
which considerably reduces  
power consumption over  
traditional bulbs

The  
**ANIMATIONS**  
of our decors  
(glittering, flashing, colour change...)  
reduce their use time and your  
electricity consumption
